

Benefits of a Catholic Education

- Students receive faith formation and sacramental preparation, and participate in daily prayer and weekly Mass.
- The school is rooted in Catholic teaching and students are taught the values of respect, sharing and community service.
- Students are held accountable for their work and their actions.
- The curriculum focuses on basics of reading, writing and math.
- Students are prepared academically to succeed in high school and college.
- There are daily homework requirements.
- The school has consistent, superior ITBS and Washington State Assessment test scores.
- Different learning rates of students are recognized and accommodated.
- Skilled and dedicated staff is committed to teaching your child.
